

To whom it may concern,

My name is Brian Leichty and I am writing to you on behalf of the K-LOVE Christian Radio Network which transmits over FM Translators all across the US and Canada and all over the world. I listen to K-LOVE radio every day and would feel very disappointed if the translators which broadcast this station to my radio every day were to go away because they were replaced by an LPFM broadcast system. I listen to K-LOVE because it helps me with my daily walk with the Lord Jesus Christ. It lets me know what is going on in my community and what is happening from around the world. In other words, it is good for my soul to have something positive on the radio that I can listen to. I have listened to some secular radio stations and have felt empty after listening to them. I am unsure about the effect that this would have in my community if K-LOVE radio were to be replaced by something else that was not a positive influence, I can only speak for myself. K-LOVE is a radio station that parents can let their kids listen to and not worry that they will hear something that they don't want their kids to hear. I think that it is important to keep K-LOVE around because it can help people heal the psychological and emotional wounds that they have from their past by providing a Positive Message of Hope, Faith, and Love. I believe that society needs radio stations like K-LOVE for that very reason. It is too bad that there aren't more stations like K-LOVE out there. I would hope that LPFM broadcasters would have the decency to transmit K-LOVE, but it probably won't happen. Please don't replace the FM translators that broadcast K-LOVE w/an LPFM system. Thank you for your time.

Sincerely,

Brian L. Leichty
